

Significantly improve your chances of delivering successful change initiatives.

ETM 'Change Success' Workshop

Workshop Overview

This high level workshop is intended to provide all participants with a new 'simple & practical' tool to significantly help improve the chances of delivering successful change initiatives.

This new evidence based tool was developed here in Australia by our strategic partner Mindshop and is based on 9 years of academic research published in late 2014.

This model is now being successfully used globally by hundreds of business advisors.
